FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

BILL NO. LL 2023200317-2

Analysis

This proposed legislation will add a new section under Alaska Statute (AS) 44.41 to incorporate language authorizing the Department of Public Safety (DPS) to implement a statewide sexual assault examination kit tracking program. The program will require participation by all law enforcement agencies and healthcare providers charged with the collection of a sexual assault kit. DPS has already implemented a Sexual Assault Kit Tracking System. The Sexual Assault Kit Tracking System is a web-based software system to track the submission and processing status and provides victim survivors with a portal to track their kit through testing completion. It will assist in meeting the requirement of AS 44.41.065(a)(3) to notify the victim within 14 days that their kit has been tested and will assist in the annual inventory report under AS 44.41.070.

DPS leveraged federal funding to secure the web-based Sexual Assault Kit Tracking System and will need additional funding to pay for the annual maintenance costs. The estimated annual maintenance costs for the application are as follows:

InVita Healthcare Technologies (Sexual Assault Kit Tracking Software As a Service):

FY2026	\$49.0
FY2027	\$49.9
FY2028	\$50.9
FY2029	\$52.0
FY2030	\$53.2
FY2031	\$54.5

Additionally, DPS has two long-term, non-permanent staff federally funded that manage the application and provide training and outreach to stakeholder organizations. The federal funding for the positions ends September 2025 (a final 12-month extension was granted September 2024), and the department is requesting funding for one of the two positions. With the statewide rollout of the application now complete, the department will not require both positions, but will need one position for program management, training, and outreach. No startup costs will be needed since this is a currently filled position, however, travel costs will be needed to fund statewide training initiatives. One of these trips will be to attend an annual conference hosted by the vendor to keep current on use of the kit tracking application and its functionality.

Personnel Services: Program Coordinator 1	\$123.0
---	---------

Travel: Five trips annually (one of out state)	\$ 8.5
Services: Core services chargebacks	\$ 16.0
Commodities: Training material/supplies	\$ 1.0
